## COTTAGES IN BABA STANA, BULGARIA

Kindly donated by Sir Richard and Lady Stagg

**A one off opportunity experience the idyllic escapism of this stunning area in the beautiful Balkan mountains.**

**The village of Baba Stana is located in the North-Western region of Bulgaria in the heart of the Balkan mountains. It is peaceful and bucolic.**

Fly to Sofia, a city brimming with history, and drive approx. 2 hours through the mountainous landscape to hamlet of Baba Stana.

This is a land where the mountains are still rich with tradition and nature thrives. Bulgaria has more than 100 monasteries, hidden in remote gorges or perch on hills and there are many such attractions nearby including Troyan Monastery (one of the main monasteries) and Veliko Turnovo (Bulgaria's former capital).

But it is the quiet, pastoral nature of the mountains here that is the real draw. There is fantastic walking straight from the property where the birds, flora, fauna and countryside are absolutely amazing.

The property consists of two separate cottages sleeping up to 10 guests. The main house has a large sitting/dining/kitchen with open fire and door onto balcony, two double bedrooms and two bathrooms. The secondary cottage has three double bedrooms and a bathroom, all situated within a large area of orchard with fabulous views.

There is wonderful English speaking restaurant in the village with Wifi!

There are lots of places of historical interest nearby including museums and castles and the stunning coastlines to the north and east boast some beautiful white sandy beaches and great walks.

There are three rowing boats to use on Loch Ascaig, 2 kayaks and a canoe and there is also a small sandy beach in a shallow area making it ideal for the youngest children.
